- Resistant to low pressure

Our 434 St GG Mother-of-Pearl W ladies' watch is a real piece of jewellery, perfect in combination with many items of clothing. This distinctly feminine and elegant timepiece is an extraordinary blend of purity and timelessness. The dial is encased in a fine decorative bezel of 18-carat yellow gold, providing an elegant touch of finesse. Another design feature of this watch is created by the hours with rhodium-plated Roman numerals, which have been meticulously attached by hand. In combination with the shimmering white mother-of-pearl dial, this gives the ever-so-subtle impression of a classically beautiful ladies' watch.

Our high technical standards also meet today's expectations of a ladies' watch. The [Q] symbol on the dial confirms the minimised electromagnetic radiation emitted by the high-precision, temperature-stabilised quartz movement.
