

434 St S

The stylish ladies' watch with [Q] Technology.

- Classic, elegant stainless-steel case
- Black electroplated dial, with sunburst decoration
- Shielding of the electromagnetic pulses emitted by the quartz movement
- Appliqués, meticulously attached by hand
- High-precision quartz movement, temperature-stabilised
- Sapphire crystal glass
- Water-resistant and pressure-resistant to 10 bar
- Resistant to low pressure

Our 434 St S ladies' watch is a real piece of jewellery, perfect in combination with many items of clothing. This distinctly feminine and elegant timepiece is an extraordinary blend of purity and timelessness. The design features of these watch creations include the black dial with sunburst decoration and the appliqués, which have been meticulously attached by hand to show the hours.

Our high technical standards also meet today's expectations of a ladies' watch. The [Q] symbol on the dial confirms the minimised electromagnetic radiation emitted by the high-precision, temperature-stabilised quartz movement.

Technical details
