

556 I RS

The elegantly sporty watch.

Page 1 / 2
May 2024

- Case made of stainless steel, satinized
- Red second hand
- Sapphire crystal glass
- Transparent case back made of sapphire crystal glass
- Water-resistant and pressure-resistant to 20 bar
- Low pressure resistant

Striking form, sparse dial design, superior readability – characteristic SINN features which highlight the similarities between the 556 series and our pilot and navigation cockpit clocks.

The accentuation of the hours, minutes, seconds and the date plus the satinized stainless steel case are what give the watches their sporty yet elegant appearance. The crystal of the 556 watches is made from sapphire crystal, as is the transparent back which provides an intriguing insight into the filigree mechanical movement inside.

The model 556 I RS has a special feature: The red second hand is in a harmonious contrast to the black of the dial and the white of the indices.

Technical details
