

U212 S E

The Diving Watch made of German Submarine Steel.

- Limited edition to 300 units
- Completely made of high-strength seawater-resistant German Submarine Steel, black
- Tested based on European diving equipment standards and certified by DNV GL
- Pressure-resistant to 100 bar, certified by DNV GL
- Captive diver's bezel with minute ratcheting
- Black Hard Coating on a TEGIMENT Technology basis
- Ar-Dehumidifying Technology enhances functional reliability and freedom from fogging
- Sapphire crystal glass
- Low pressure resistant

The U212 S E is the only model with a diameter of 47 mm, making it our biggest diving watch to date. The interplay between the high-quality Black Hard Coating and the ivory-coloured coating for indices, hands and numerals is truly striking. While the colouring is in a vintage style, the features of the U212 S E are absolutely state of the art. For example, the case and crown are made of high-strength seawaterresistant German submarine steel, which makes the watch suitable for saltwater diving. The U212 S E also features a captive diver's bezel and Ar-Dehumidifying Technology for greater functional reliability and freedom from fogging. 300 U212 S E watches are being produced, each with an engraved limited-edition number.

Technical details

Mechanical Movement

- SW 300-1
- Self-winding mechanism
- 25 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Shock resistant as per DIN ISO 1413
- Anti-magnetic as per DIN 8309

Case

- Case made of German Submarine Steel, black
- Sapphire crystal glass in front, anti-reflective
- Case back screw-fastened
- Crown screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Pressure-resistant up to 100 bar, certified by DNV GL
- According to the technical demands for the diving norm DIN 8306
- Tested based on European diving equipment standards EN 250 / EN14143 and certified by DNV GL
- Low pressure resistant

Functions

- Hours, minutes, seconds
- Date display
- Pilot's bezel with minute ratcheting and luminous key mark

SINN Technologies

- Black Hard Coating on a TEGIMENT Technology basis
- Captive bezel
- Ar-Dehumidifying Technology enhances functional reliability and freedom from fogging
- Crown with D3-System

Dimensions and Weight

- Case diameter: 47 mm
- Band lug width: 24 mm
- Case thickness: 14.5 mm
- Weight without strap: 135 gramme

Dial and Hands

- Matte black dial
- Hands and indices coated with luminescent colour

Warranty

- 3 years
