

# **UX SDR GSG 9 TEGIMENT**

Page 1 / 3 May 2024

The mission timer for special operation forces.

- TEGIMENT option: The case also features TEGIMENT Technology, making it especially scratchresistant. If you choose a silicone strap, the design of the clasp will also be on a TEGIMENT Technology basis. If you decide to go for a solid bracelet, this also features TEGIMENT Technology.
- Completely made of high-strength seawater-resistant German Submarine Steel
- · Tested based on European diving equipment standards and certified by an independent institute
- Official service watch of the German GSG 9 special forces
- Thanks HYDRO Technology for perfect readability even under water and freedom from reflection at any angle and completely free from fogging
- · Case made with TEGIMENT Technology and therefore especially scratch-resistant
- Bezel with Black Hard Coating on a TEGIMENT Technology basis
- Functionally reliable from -20 °C up to +60 °C
- · High-precision quartz movement, temperature-stabilised
- · Captive diver's bezel with minute ratcheting
- Crown on the left side of the case to prevent pressure on the back of the hand
- Mission timer design for optimal readability
- Sapphire crystal glass
- Water-resistant and pressure-resistant to 5000 m diving depth (= 500 bar), certified by an independent institute
- · Low pressure resistant

Page 2 / 3 May 2024

Rescuing the hijacked "Landshut" aircraft on October 18, 1977 in Mogadishu made the German GSG 9 (Grenzschutzgruppe 9) special forces world-famous. Just as legendary as the reputation of the anti-terrorism unit of the German federal police is the diving watch that their maritime unit wears during its missions.

Together with GSG 9, we developed the EZM 2 mission timer in the mid-1990s. This timepiece met the special functional requirements of the divers exactly and incorporated the successful features of the 403 HYDRO diving watch. Now this service watch has a worthy successor that can be purchased by anyone: the UX GSG 9 (EZM 2B) diving watch.

The diving watch incorporates proven features such as the HYDRO Technology for perfect readability even under water and freedom from reflection at any angle, a large black dial with white hands and 5-minute indices, especially visible at 12 o'clock (mission timer design), a case made of seawater-resistant submarine steel and a captive diver's bezel with TEGIMENT Technology. The position of the crown at 10 o'clock to prevent pressure on the back of the hand is a feature, as is the "GSG 9" logo on the dial.

# Technical details

Page 3 / 3 May 2024

#### **Quartz Movement**

- ETA 955.652
- · High-precision quartz movement, temperature-stabilised
- · End of life function
- · 7 bearing jewels
- · Seconds stop function
- Anti-magnetic as per DIN 8309
- Functionally reliable from 20 °C to + 60 °C

#### Case

- · Case made of German submarine steel, bead-blasted
- · Sapphire crystal glass in front, anti-reflective on both sides
- · Case back screw-fastened
- · Crown screwable
- · Meet the technical requirements for water-resistance, as set out in standard DIN 8310
- · Water-resistant and pressure-resistant to 5000 m diving depth (= 500 bar), certified by an independent institute
- · According to the technical demands for the diving norm DIN 8306
- · Tested based on European diving equipment standards EN 250 / EN14143 and certified by an independent institute
- · Low pressure resistant

#### **Functions**

- · Hours, minutes, seconds
- Date display
- Diver's bezel with minute ratcheting and luminous key mark

## **SINN Technologies**

- HYDRO Technology for perfect readability even under water and freedom from reflection at any angle and completely free from fogging
- TEGIMENT Technology, therefore especially scratch-resistant
- · Bezel with Black Hard Coating on a TEGIMENT Technology basis
- · Captive bezel
- · Crown with D3-System

### **Dimensions and Weight**

• Case diameter: 44 mm

· Band lug width: 22 mm

· Case thickness: 13.3 mm

· Weight without strap: 105 gramme

## **Dial and Hands**

- · Matte black dial
- · Indices coated with luminescent colour
- · Hour, minute and second hand coated with luminescent colour
- · Mission timer design for optimal readability

## Warranty

• 3 years
