

103 Classic

The traditional pilot chronograph.

- Limited edition to 500 units
- Case made of stainless steel, polished
- Ar-Dehumidifying Technology enhances functional reliability and freedom from fogging
- Captive pilot's bezel with minute ratcheting
- Sapphire crystal glass
- Transparent back made of sapphire crystal glass
- Pressure-resistant to 20 bar
- Low pressure resistant

When our company was founded in 1961 it concentrated mainly on producing pilot's chronographs and navigation cockpit clocks. An early classic, and one which is still in our range today, is the 103 series. We have produced the 103 CLASSIC in a limited edition of just 500 timepieces. Based on the legendary 103 A, it features the aesthetically balanced, V-shaped Tri-Compax arrangement of counters.

The styling is modelled on that of its classic predecessor, however the state-of-the-art technologies are up to the very latest SINN standards. The 103 Classic has a captive pilot's bezel with minute ratcheting and Ar-Dehumidifying Technology to prevent fogging and increase functional reliability. The face covering is made of sapphire crystal. The 103 CLASSIC is high-altitude resistant and can withstand pressures of up to 20 bar.

Technical details

Mechanical Movement

- Valjoux 7750 TricompaX
- Self-winding mechanism
- 27 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Shock resistant as per DIN ISO 1413
- Anti-magnetic as per DIN 8309

Case

- Case made of stainless steel, polished
- Sapphire crystal glass in front, anti-reflective on both sides
- Transparent case back made of sapphire crystal glass, anti-reflective on the interior
- Case back screw-fastened
- Crown screwable
- Push-pieces screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Pressure-resistant up to 20 bar
- Low pressure resistant

Functions

- Hours, minutes, subsidiary seconds
- Date display
- Chronograph
- Pilot's bezel with minute ratcheting and luminous key mark

SINN Technologies

- Ar-Dehumidifying Technology enhances functional reliability and freedom from fogging
- Captive safety bezel

Dimensions and Weight

- Case diameter: 41 mm
- Band lug width: 20 mm
- Case thickness: 17 mm
- Weight without strap: 88 gramme

Dial and Hands

- Glossy black dial
- Silver electroplated counters
- Indices coated with luminescent colour
- Hour, minute and stopwatch second hand coated with luminescent colour

Warranty

- 3 years
