

243 TW66 WG A

The elegant ladies' watch with diamonds.

Page 1 / 2
May 2024

- Decorative bezel of 18-carat white gold and with 66 diamonds
- Case made of high-strength titanium, polished
- Anthracite electroplated dial, matt circular-grained
- Appliqués meticulously attached by hand
- Sapphire crystal glass
- Water-resistant and pressure-resistant to 10 bar
- Low pressure resistant

Classic design for an elegant, feminine look: these are the timelessly beautiful ladies' watches of the 243 TW66 series.

As an unusual touch of ornamental finesse, the dial of the ladies' watches is surrounded by a superior decorative ring of 18 ct white gold with 66 precious diamonds in Top Wesselton quality. The rhodium-plated appliqués of the exquisitely decorated dial are set by hand with plenty of attention to detail. And the rectangular case made from high-gloss, warmly gleaming, polished titanium is finished with first-class sapphire crystal glass.

Masterful watchmaking and characteristics suitable for everyday use, such as pressure resistance and low-pressure resistance, are all hallmarks of this fine piece of jewellery.

Technical details
