

## 103 Sa B E

The traditional pilot chronograph.

- Limited edition to 500 units
- Case made of stainless steel, polished
- Blue dial with sunburst decoration
- Ivory-coloured coating on the indices, hands, numerals and illuminated triangle
- Anodised pilot's bezel in blue
- Sapphire crystal glass
- Transparent back made of sapphire crystal glass
- Pressure-resistant to 20 bar
- Low pressure resistant

The 103 Sa B E is an incomparable Sinn classic in more ways than one.

For example, this magnificent timepiece is clearly reminiscent of historical pilot watches with its luminous ivory-coloured coating on the hands, numerals and indices. An effect that is also emphasised by classic blue. This is the first time we have used it in one of our watches for both the dial with sunburst decoration and for the anodised aluminium pilot's bezel. It also gives the pilot chronograph a modern feel, without detracting from the functional character of the watch.

Another special feature is the high-quality crystal. The profile of the highly curved sapphire crystal glass is similar to traditional acrylic glass. This sapphire crystal glass is ground out from an approximately 5 mm solid blank with five different curvature radii, and carefully polished. The grinding tools required to produce it have been made especially. The result of this complex process not only preserves the classic look of the glass, it also makes it highly resilient.

The 103 Sa B E is limited to 500 pieces, which is documented by the 'Eine von 500' (one of 500) engraving on the rotor. Naturally, the watch offers high-tech features typical of a SINN watch. For example, resistance to low pressure and pressure resistance up to 20 bar.

## Technical details

### Mechanical Movement

- Valjoux 7750
- Self-winding mechanism
- 25 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Shock resistant as per DIN ISO 1413
- Anti-magnetic as per DIN 8309

### Case

- Case made of stainless steel, polished
- Sapphire crystal glass in front, anti-reflective on both sides
- Transparent case back made of sapphire crystal glass, anti-reflective on the interior
- Case back screw-fastened
- Crown screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Pressure-resistant up to 20 bar
- Low pressure resistant

### Functions

- Hours, minutes, subsidiary seconds
- Date display
- Day of the week display
- Chronograph
- Pilot's bezel with luminous key mark

### Dimensions and Weight

- Case diameter: 41 mm
- Band lug width: 20 mm
- Case thickness: 16 mm
- Weight without strap: 77 gramme

### Dial and Hands

- Blue dial
- Indices and numbers coated with luminescent colour
- Hour, minute and stopwatch second hand coated with luminescent colour

### Warranty

- 2 years
