- Price: 3.250,00 €
- The watch will be available for purchase exclusively for customers of the cooperation partner Commerzbank from 16. October 2023 until 31. December 2023. After that, they can be purchased (depending on availability). For more information, please visit here.

The pilot chronographs in the 103 series immediately reveal what they were created for: uncompromising functionality. Following in our company's tradition, the design principles of an on-board instrument were the inspiration here. After all, the company's first watches were mechanical cockpit clocks for professional use.

With a diameter of 41 mm, the polished stainless-steel case exudes high-quality, sophisticated functionality. Connoisseurs will notice another subtlety: the sapphire crystal glass. The anti-reflective coating on both sides ensures a clear view of the striking dial, which was designed in ocean petrol for this special edition in the Commerzbank corporate design. In addition, the stopwatch hands are finished in yellow, the corporate colour of Commerzbank. The glass back is also made of sapphire crystal, allowing the mechanical movement and winding rotor – complete with limited-edition number engraving – to be admired in all their intricacy.

The pilot's bezel with minute ratcheting can be rotated on both sides and is securely attached to the case. Its pilot's bezel is a luminous triangle. The watch is water-resistant to DIN 8310, resistant to low pressure and pressure-resistant up to 20 bar. The chronograph comes in a fine wooden case with a fine-link bracelet and a leather strap with ocean petrol-coloured stitching individually adapted to this special edition.

With a limited edition of 100 watches, the 103 St Sa for Commerzbank is the result of a partnership between two renowned, long-established Frankfurt companies.

## Technical details

### Mechanical Movement

- Concepto C99001
- Self-winding mechanism
- 25 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Anti-magnetic as per DIN 8309

### Case

- Case made of stainless steel, polished
- Sapphire crystal glass in front, anti-reflective on both sides
- Transparent case back made of sapphire crystal glass, anti-reflective on the interior
- Case back screw-fastened
- Crown screwable
- Push-pieces screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Waterproof and pressure-resistant to 20 bar
- Low pressure resistant
