- Do you still have questions or would you like to order the Frankfurt Porcelain Watch? Our sales staff will be happy to give you detailed advice.

Founded in 1746, the white gold of Hesse of the Höchst Porzellanmanufaktur in the western part of Frankfurt is one of the finest examples of artistic European craftsmanship. These mechanical precision watches with hand-painted dials made of the finest Höchst porcelain of this watch model were created through collaborative development. Art and watch lovers can choose from traditional and contemporary motifs in various colors. The watch is particularly suitable for stylish customization. Upon request, the porcelain dial can be additionally decorated with monograms or family coats of arms for the maximum expression of individuality and personality.

The delicate external appearance belies the suitability for everyday use of the technological features. The watch is water-resistant, pressure-resistant and low pressure resistant. The high-domed sapphire crystal glass with anti-reflective coating on both sides ensures perfect readability. We developed the shock-resistant bearing for the wafer-thin porcelain dial with the greatest of care. A two-part design ensures secure protection against damage from outside influences.
