Frankfurt Financial District Watch.

Page 1 / 2
November 2019

- Case made of stainless steel, polished
- Display of three time zones on a 12-hour basis
- Sapphire crystal glass
- Transparent case back made of sapphire crystal glass
- Rotor engraving of the Frankfurt skyline
- Pressure-resistant to 10 bar
- Low pressure resistant

Frankfurt, the financial center at the heart of Europe, is the seat of the European Central Bank, the headquarters of many large banks, and the home of one of the most important stock exchanges in the world — and the headquarters of our small, innovative company. With this in mind, it was only a small, yet logical step to the development of a watch commemorating this fascinating city on the Main River.

The result: the Frankfurt Financial District Watch. A classic mechanical chronograph for those who wish to have a clear overview of the simultaneity of global times in this digitally accelerated era.

The three time zones are pleasantly displayed in analog form and thus can be intuitively understood. Through the sapphire crystal glass back of the case the delicate fine mechanics of the movement are clearly visible.

Despite all of the functional complexity, the Frankfurt Financial District Watch is a genuine Sinn timepiece: it is water-resistant to a diving depth of 100 meters and resistant to low pressure. At the same time it is a striking, formally elegant piece of jewelry and a masterpiece of craftsmanship — from the elegant case to the precious hand engraving of the Frankfurt skyline on the rotor.

Technical details

November 2019

Mechanical Movement

- *The information on the mechanical movement corresponds to the current production situation in Frankfurt am Main. Due to technical changes, it may happen in individual cases that stock items of our sales partners deviate from this information. ([further information](#))*

- SINN movement construction based on the SW 500
- Self-winding mechanism
- 26 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Anti-magnetic as per DIN 8309

Case

- Case made of stainless steel, polished
- Sapphire crystal glass in front, anti-reflective on both sides
- Transparent case back made of sapphire crystal glass, anti-reflective on the interior
- Case back screw-fastened
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Pressure-resistant up to 10 bar
- Low pressure resistant

Functions

- Hours, minutes, subsidiary seconds
- Three time zones on a 12-hour basis
- Date display
- Chronograph

SINN Technologies

- Push-pieces with D3-System

Dimensions and Weight

- Case diameter: 38.5 mm
- Band lug width: 20 mm
- Case thickness: 15.5 mm
- Weight without strap: 74 gramme

Dial and Hands

- Black-electroplated dial, with sunburst decoration
- Attached appliqué coated with luminescent colour
- Hour and minute hand coated with luminescent colour

Warranty

- 2 years
