

6036

The Frankfurt World Time Watch.

- Case made of stainless steel, polished
- Display of three time zones on a 12-and 24-hour basis
- Sapphire crystal glass
- Transparent case back made of sapphire crystal glass
- Pressure-resistant to 10 bar (= 100 m water depth)
- Low pressure resistant

The international financial markets set the pace on the continents of Europe, Asia and North America. The stock exchanges in Frankfurt, Tokyo and New York work according to different schedules. They take no account of national borders, day or night. For those who work locally on the trading floors but think globally, Frankfurt World Time Watch 6036 with its three time zones is precisely the right watch because it is contemporary. The exquisitely decorated movement in an elegant polished stainless steel case is decorated with a 'Bull and Bear' engraving – an unmistakable reference to the renowned home of the Frankfurt Stock Exchange.

The Frankfurt World Time Watch 6036, with its technical sophistication, represents a seamless progression from the stylish paradigm of the Frankfurt World Time Watch 6060. On the other hand, Model 6036 also has its own classy style. With its case diameter of 34 mm and the overall height of 11 mm, the watch conveys a comfortable feeling of wearability, because sleeve cuffs glide easily without friction over the sapphire crystal glass.

Technical details
