The Frankfurt Financial District Watch.

- Case made of stainless steel, polished
- Display of two time zones on a 12-hour basis
- Electroplated blue dial with sunburst decoration
- Crystal and transparent case back made of sapphire crystal
- Exquisitely decorated movement with rotor engraved bull and bear
- Attached appliqués
- Waterproof and pressure-resistant to 10 bar
- Low pressure resistant

The first Frankfurt Financial District Watch was unveiled in 1999 and marked a landmark decision for our company. Up until then, the name Sinn Spezialuhren had been synonymous with innovative timepieces specially designed for pilot and diving missions. The expansion towards classic, elegant series proved to be hugely popular with our customers. After all, a Frankfurt Financial District Watch is the perfect accessory for festive occasions or day-to-day business – exhibiting both elegance and the durability typical of Sinn Spezialuhren.

The appeal of this series is now being further enhanced by the new model 6068 B. This watch gains its allure from the blue dial, which is exquisitely finished with a sunburst decoration.

The model also features characteristics that connoisseurs of this series have come to appreciate. For example, the Frankfurt Financial District Watch 6068 B is characterised by two time zones that can be read simultaneously. The movement is exquisitely decorated. Particularly eye-catching are the Geneva stripes and blued screws. Sapphire crystal is used for both the watch crystal and the transparent case back, offering an impressive view of the bull and bear rotor engraving.

While the case is made of polished stainless steel, the appliqués attached to the blue dial are luminous, along with the hour and minute hands. The watch is also waterproof and pressure-resistant up to 10 bar and resistant to low pressure.

Model 6068 B comes in a fine wooden case with a stainless-steel fine link bracelet, cowhide strap, a band replacement tool, spare spring bars, an Eschenbach watchmaker's loupe, a care cloth and a brochure.

Technical details
