- Pressure-resistant to 10 bar
- Low pressure resistant

In 2019, the Frankfurt Financial District Watch series celebrates its 20th anniversary. Marking the occasion is the Frankfurt Financial District Watch 6099 B, featuring a blue dial finished with a high-quality sunburst decoration. A total of 200 of these magnificent watches are being produced, each with an engraved limited-edition marking on the case back.

Like the Frankfurt Financial District Watch 6000, which formed the basis for this line of traditional watches, this classic, elegant chronograph displays three easy-to-read time zones on a 12-hour basis. The sapphire crystal with anti-reflective coating on both sides is set in a high-quality case made of polished stainless steel. The exquisitely decorated movement featuring the rotor engraving of the Frankfurt skyline can be admired through the transparent case back made of sapphire crystal glass with anti-reflective coating on the inside.

The watch is pressure-resistant up to 10 bar and resistant to low pressure.
