Our pilot watches have long set standards for function and technology. Thus it is only logical that the 900 PILOT seamlessly continues this tradition. At the same time, the chronograph has a contemporary look. The result is a chronograph that meets the highest standards for precision and esthetics.

The black dial and the case diameter of 44 mm guarantee perfect readability even at night, thanks to the luminous hand-mounted appliqués. The satinized stainless steel case which is specially tempered using the TEGIMENT Technology demonstrates the watch's suitability for everyday use. The protection from magnetic fields up to 80,000 A / m and the sapphire crystal glass with anti-reflective coating.
