

U1 Camouflage

The diving watch made of German Submarine Steel.

- Limited edition to 500 units
- Case and crown made of high-strength, seawater-resistant German Submarine Steel
- Bezel with TEGIMENT Technology and therefore especially scratch-resistant
- Tested based on European diving equipment standards and certified by DNV GL
- Captive diver's bezel with minute ratcheting
- Crown at 4 o'clock to prevent pressure on the back of the hand
- Sapphire crystal glass
- Waterproof and pressure-resistant to 1,000 m diving depth (= 100 bar), certified by DNV GL
- Low pressure resistant

The U1 Camouflage is an extraordinarily eye-catching diver's watch. Made from high-strength, seawater-resistant German Submarine Steel, it features a dial that incorporates a camouflage colour design. The U1 Camouflage comes with a matching green silicone strap and an olive drab textile strap as standard. This allows you to swap and change the strap to suit the occasion or purpose.

The surface of the captive rotating bezel has also been hardened using TEGIMENT Technology, making it especially scratch-resistant. The classification company DNV GL has tested the reliability and suitability of the watch for professional diving. DNV GL verifies and certifies pressure resistance to a diving depth of 1,000 metres (= 100 bar) and temperature resistance and functionality in accordance with the European diving device standards.

Limited to just 500 pieces, the U1 Camouflage is an exceptional timepiece in the U1 series.

Technical details

Mechanical Movement

- SW 200-1
- Self-winding mechanism
- 26 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Anti-magnetic as per DIN 8309

Case

- Case made of German Submarine Steel, bead-blasted
- Sapphire crystal glass in front, anti-reflective on both sides
- Case back screw-fastened
- Crown screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Waterproof and pressure-resistant to 1,000 m diving depth (= 100 bar), certified by
- DNV GL
- According to the technical demands for the diving norm DIN 8306
- Tested based on European diving equipment standards EN 250 / EN14143 and certified by DNV GL
- Low pressure resistant

Functions

- Hours, minutes, seconds
- Date display
- Diver's bezel with minute ratcheting and luminous key mark

SINN Technologies

- Bezel with TEGIMENT Technology, therefore especially scratch-resistant
- Captive bezel

Dimensions and Weight

- Case diameter: 44 mm
- Band lug width: 22 mm
- Case thickness: 14.7 mm
- Weight without strap: 113 gramme

Dial and Hands

- Camouflage dial
- Indices coated with luminescent colour
- Hour, minute and second hand coated with luminescent colour

Warranty

- 2 years
