

U200 B

The Exclusive Special Edition.

- Special edition available for a limited time only
- **Order by 31 December 2013**
- Completely made from high-strength seawater-resistant German submarine steel
- Bezel with TEGIMENT Technology and therefore especially scratch-resistant
- Ar-Dehumidifying Technology enhances functional reliability and freedom from fogging
- Functionally reliable from -45°C up to $+80^{\circ}\text{C}$
- Tested based on European diving equipment standards and certified by Germanischer Lloyd, Hamburg
- Captive diver's bezel with minute ratcheting
- Crown at 4 o'clock to prevent pressure on the back of the hand
- Sapphire crystal glass
- Pressure-resistant to 2,000 m diving depth (200 bar), certified by Germanischer Lloyd Hamburg
- Low pressure resistant

The U200 B is an exclusive, limited edition watch. The mission timer made from German submarine steel is equipped with a matte blue galvanized dial and white, luminous indices and hands. Matching in colour, the watch comes with a white silicone strap and blue and white textile strap as standard. The U200 B is equipped with impressive technology, as the Ar-Dehumidifying Technology for functional reliability and freedom from fogging. Temperature resistance technology ensures that the U200 B is functionally reliable in a temperature range of -45°C to $+80^{\circ}\text{C}$.

Its suitability as a diving watch for professional usage was tested by Germanischer Lloyd. They confirmed and certified its pressure resistance up to a diving depth of 2,000 metres and temperature resistance and functioning in accordance with the European diving equipment standards.

Technical details

Mechanical Movement

- ETA 2824-2
- Self-winding mechanism
- 25 bearing jewels
- 28,800 semi-oscillations per hour
- Seconds stop function
- Shock resistant as per DIN ISO 1413
- Anti-magnetic as per DIN 8309

Case

- Case made of German submarine steel
- Sapphire crystal glass in front, anti-reflective on both sides
- Case back screw-fastened
- Crown screwable
- Meet the technical requirements for waterproofness, as set out in standard DIN 8310
- Pressure-resistant to 200 bar, certified by Germanischer Lloyd, Hamburg
- Low pressure resistant
- According to the technical demands for the diver's norm DIN 8306
- Tested based on European diving equipment standards EN 250/EN14143 and certified by Germanischer Lloyd in Hamburg

Functions

- Hours, minutes, seconds
- Diver's bezel with minute ratcheting and luminous key mark
- Date display

SINN Technologies

- Ar-Dehumidifying Technology enhances functional reliability and freedom from fogging
- Temperature Resistance Technology, therefore functionally reliable at temperatures from -45°C up to $+80^{\circ}\text{C}$
- Captive diver's bezel
- Bezel with TEGIMENT Technology and therefore especially scratch-resistant

Dimensions and Weight

- Case diameter: 37 mm
- Band lug width: 18 mm
- Case thickness: 14,5 mm
- Weight without strap: 73 gramme

Dial and Hands

- Indices coated with luminescent colour
- Hour, minute and second hand coated with luminescent colour

Warranty

- 3 years
